

Dear Fellow SRS Members,

A very good day to all of you. The year is coming to a close and I must say that this year has been quite a challenging year with so many ups and downs especially with the Covid-19 crisis. The good part is we survived and looking forward to a brighter 2022. We Remisiers have gone through many major turbulent cycles all these years and managed to survive and thrive despite all odds & I strongly believe we'll overcome this one with guts and come out even stronger.

I would like to wish all of you a Wonderful 2022 with lots of Good Health, Happiness & Prosperity.
