

**Dear Fellow SRS Members,**

I'm pleased to let you'll know that as of to-date, 120 Remisiers have attended the Remisier Development Programme (RDP) and benefited from the courses. Many more have signed-up for the courses from January 2025 onwards. Our journey to grow and provide greater value-added services to clients continues.

On 11th December 2024, about 40 Remisiers, who had attended the courses, gathered at SGX Auditorium for networking and sharing of ideas on how we could further accentuate our Remisier profession. The "In-Service" networking session is exclusive to Remisiers who had attended the RDP courses. It will continue to be an ongoing platform for the Remisier community to exchange ideas and enhance the Remisier business. For the 11th December session, the Personal Branding course module was refreshed and the participants were enlightened on how to further leverage their LinkedIn Accounts to showcase their expertise and professionalism. A handy "cheatsheet" was shared with attendees to help them enhance their personal profiles.

Our friends from SGX also shared insights that can be gained from the [REITs chartbook](#), as well as the recent expansion of the Singapore Depository Receipt product shelf to include Hong Kong companies.

Keen to be part of the RDP community and enhance your business? Visit <https://www.remisiers.org/development-programme> and sign-up today!

For those who have signed-up for SRS Christmas Dinner, looking forward to seeing you'll this evening.

Warmest regards,  
**S Nallakaruppan**  
**President**  
**The Society of Remisiers (Singapore)**
